

Amadeus Selling Platform Connect

Quarterly product update: Q1 2024

New enhancements. Key highlights. Productivity hacks.

Learn about what matters faster: Amadeus News

A direct and faster way to know about the latest content and releases. This new communication channel on the graphical desktop will inform travel advisors about relevant information such as new NDC updates, and global feature rollout.

Air shopping: See tax details easily

Display tax details in shopping results and booking page. Find tax codes for Edifact content in the price details pop-up. See tax codes and corresponding amounts included in the Total Tax. Search by tax code in a long list.

NDC: Ancillaries. Personalize and save time

Book non-seat services on British Airways (BA) NDC offerings before and after ticket issuance to improve servicing and personalization. Save time by creating separate PNRs for American Airlines (AA) passengers with different itineraries in one step thanks to the Split NDC Order capability.

NDC: Improved Servicing

Complete fare-driven exchanges that contain ancillary services without error with the help of warning messages. For British Airways, cancel & refund Special Service Requests (SSR) & associated EMDs automatically.

NDC: Sustainability AF/KLM

Sustainable Aviation Fuel (SAF) bundle management – Cater to travelers' needs by proposing sustainable (SAF fares) travel options to Air France/KLM passengers.
